ORDER REGARDING THE RECISSION)
OF GENERAL ORDER 20-7)
)

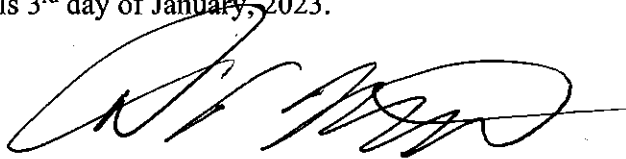

GENERAL ORDER 23-1

On December 3, 2020, and in consideration of the national pandemic caused by the COVID-19 coronavirus, the Court entered General Order 20-7. The order temporarily modified the requirement that counsel obtain a debtor's original, physical signature on any document before filing the document with the Court. The Court ordered that a debtor's original, physical signature could be satisfied in one of several alternative ways, and the court ordered that such alternatives be acceptable until further order of the Court.

Considering current circumstances regarding the pandemic, including the proclamation by the Governor of West Virginia that the State of Emergency he declared regarding the COVID-19 pandemic be terminated January 1, 2023,

General Order 20-7 is **RESCINDED**, **EFFECTIVE** in cases filed after January 31, 2023, and shall be of no further force or effect.

SO ORDERED this 3rd day of January, 2023.

Hon. David L. Bissett
United States Bankruptcy Court,
Northern District of West Virginia
